[Name]

[Student ID number]

I confirm that I am the sole author of this bachelor's / master's thesis with the topic

and that I have not used any aids or sources other than those stated.

If I have used text-generating AI tools as **aids**, I understand that I am solely responsible for the accuracy of the content of the AI-generated text passages, as well as for referencing other people's wording and ideas in accordance with the principles of good scientific practice.

I have identified all passages that have been quoted or paraphrased from other works written by natural persons (also taken from the Internet or other electronic collections of texts and data) by referencing the source or secondary literature in line with the citation guidelines for my subject.

I realize that the exam or coursework will be evaluated as "fail" (5.0) in case I inaccurately claim to be the sole author, in case I have used unauthorized aids, or in case I have not sufficiently referenced the use of permitted aids. In case of serious fraud or plagiarism, I am aware that the corresponding Examination Board may decide to exclude me from the exam retake, resulting in a complete loss of right to take exams.

Furthermore, I affirm that the work mentioned above has not been submitted elsewhere as a bachelor's / master's thesis. I further understand that, up to the completion of the review process, I am obliged to keep the materials available that can prove this work has been written independently.

A current confirmation of my enrolment is attached.
